

NEIL W. VANIK, D.D.S.

FAMILY & GENERAL DENTISTRY

Welcome! We are grateful you chose us to help you care for your dental health! Our goal is to provide you and your family with optimal dental care at every age. We endeavor to make you feel welcome and as comfortable as possible at every appointment in our office. We encourage you to ask questions and desire to provide you with thorough information to make the best decisions in your treatment. This includes understanding your choice in treatment plan as well as our financial policy.

FINANCIAL AGREEMENT:

Patients are expected to pay for our services at the time they are rendered. Our patients who have dental insurance are expected to pay the amount of their estimated co-pay and deductible at the time of service. Thanks to a state of the art computer system, these estimates are quite reliable, but there are times when an insurance company “downgrades” or even excludes a necessary procedure to a less expensive option and passes the extra cost to the patient. In this event, a statement is mailed with an expected payment of the balance upon receipt. Payments may be made using cash, check, Visa, Mastercard, and American Express. We also partner with CARECREDIT, another financing option available only for healthcare expenses. Talk with the office staff about applying for credit before your appointment. Approval or denial is determined immediately, and upon approval your card is available for use in treatment that day.

Appointments:

In order to serve you better and keep the cost of dental care down, we try to maintain an efficient appointment system. However, our cost of providing care increases greatly when people fail to keep scheduled appointments or cancel at the last minute. We require at least a 24 hour notice for any cancelled appointment. We maintain a list of patients waiting for a specific appointment time, and your cancelled appointment may serve that person!

Insurance information:

As a courtesy to our insured patients, we submit claims to your insurance company free of charge. We will strive to help you receive your maximum allowable benefits. In order to do this we need your insurance card and/or policy with you when you come for your appointment.

We will diagnose treatment based on your dental health, not your insurance coverage.

You must realize that:

Dental insurance isn't really insurance (a payment to cover the cost of a loss) at all. It is actually a money benefit, typically provided by an employer, to help their employees pay for routine dental services. The employer usually buys a plan based on the amount of the benefit and how much the premium costs per month. Most benefit plans are only designed to cover a portion of the total cost of a person's necessary dental treatment. For example, a dentist may recommend a crown for a tooth that has extensive decay; however, the dental plan may only cover the cost of a

filling. This does not mean that the patient does not need a crown, only that the benefit is limited to a filling. We strive to avoid financial surprises like this for you with pre-authorizations through your insurance company, but again, we diagnose and offer treatment based on your needs, not your insurance coverage.

Please indicate your understanding and acceptance of these financial policies by signing below. For the mutual convenience of you and the practice, it is understood that this executed copy of the Financial Policy also shall cover your dependent children who are patients of this practice.
